

# FitConnect Usability Study

## Facilitators

Henry F.P., Keara C., Kurt D., Matt H., and Richa B.

## Study Information

Feature usability of the FitConnect app which allows participants to match with volunteers under UVHS supervisor will be conducted. Participants will be randomly assigned as a volunteer or participant based on their workout experience, or as an admin (UVHS “staff”).

## Participation Details

Users will be given a designation of “participant”, “volunteer”, or “administrator”. Based on the user’s designation, the user will perform a given set of tasks collaboratively with other users with different designations.

## Participation Requirements

Users must be at least 19 years of age and have signed the consent form.

## Participant Confidentiality and Rights

Your information will be kept private and used only by the FitConnect app team to improve the FitConnect app design and user experience. Participation is voluntary and participation can be stopped at any time. You may request your participation information to be removed upon withdrawal from the study. You have the right to refuse to perform given tasks.

## Concerns

At any time if a participants has concerns, before, during, or after the study, they may contact the FitConnect app team.
